

SHELL SCHEME – STAND INFORMATION

Please note that Shell Scheme is only permitted for stands up to 24sqm.

FLOOR COVERING

Grey carpet (*anthracite carpet tiles*) will be provided. The carpet does not come with a protection film so please take care to ensure the carpet is clean during the build.

Other colours are possible within the [webshop](#).

WALLING

Shell scheme wall dimensions are **1000x2500mm** including white wall panels with an aluminium frame. A graphic panel should have the size of **982x2312mm**. The visible graphic size is **970x2300mm**. For more detailed information, please [Click Here](#).

Printed graphics are **not** included in the price. We recommend that you work directly with the exhibition contractor, **Gielissen** who can print and apply graphics to the wall panels.

You can find various **graphic options** on the [webshop](#). Login details to access can be found in the exhibitor introduction email. Please contact the logistics@sustainableenergycouncil.com if you have any issues accessing the webshop.

If using your own graphics, it is **not** permitted to use tape or any fixative as this will damage the panels. Our official contractor, **Gielissen**, can provide double sided sticky tape onsite. If there is any damage to the walls you will be **charged**.

COMPANY NAME & LOGO DISPLAY

Your company name, of a **maximum of 25 characters**, will be printed on your booth fascia. If you would like to apply a company logo or any graphic in addition to the company name please visit the [webshop](#).

Company names on fascia boards will be printed in '**CAPITAL LETTERS**', unless specified in advance.

ELECTRICITY

Booths will be provided 1 x standard connection 230V - 3KW socket including 2 days consumption.

CLEANING

Initial Stand Cleaning is included in your shell scheme package.
